PROJECTS

VELOCE STUDIO GitHub	April 2026 - June 2026
• Developed a modern, responsive creative agency website with a visually engaging and minimal interface. • Implemented interactive UI elements, smooth animations, and responsive layouts for an enhanced user experience. • Designed structured sections for showcasing services, projects, and agency information across desktop and mobile devices. • Focused on clean frontend architecture, reusable components, and performance-oriented web design.	
TASK FLOW GitHub	Dec 2025 – Jan 2026
• Developed a responsive task management web application with task creation, completion, deletion, and filtering features. • Implemented JavaScript-based task management with persistent data storage using Browser Local Storage. • Designed a clean, user-friendly interface with responsive layouts for different screen sizes. • Integrated the project with GitHub for version control and project management.	

TRAINING

Lovely Professional University	Jun 2025 - Jul 2025
Think Design Prototype - Summer Training on Design Thinking & Figma	
<i>Design Thinking Trainee and UX Prototype Designer</i>	
• Learned design thinking methodologies to analyze real user problems and create effective and efficient user-centered solutions. • Completed an end-to-end design project covering empathize, define, ideate, prototype, and test phases independently over the full project lifecycle. • Conducted detailed user research activities and translated key insights into actionable design requirements clearly. • Designed a 20+ screen high-fidelity interactive prototype using Figma for usability testing purposes independently.
